Discussion of *ReMoved*

National CASA Conference

Monday, June 9, 1:00-2:00 p.m.

Thank you for joining us for a discussion of *ReMoved*! This film was very popular among child welfare organizations when it was released online in March of this year.

Today, we will show the film, and then you may use the questions below to guide your table's discussion.

*We encourage everyone to consider the final question. Please ask a facilitator if you have any questions.

Discussion Questions:

- Had you seen the film before? What is/was your initial reaction?
- Do you think this is a realistic portrayal of a child in a foster home? Why or why not?
- Do you think this film will inspire people to become foster parents? To become CASA/GAL volunteers? To support other causes?
- Would you consider using *ReMoved* as part of your volunteer recruitment? An in-service training? To seek donations?
- *How would you use *ReMoved* as a CASA/GAL Program? Do you know of any other film or literature resources that you might use in a similar way?
  Please have someone at your table write any responses you come up with to this question on the cards provided. Following the conference, these suggestions will be shared in the Advocacy Resources section of CASAforChildren.org.

ReMoved was created by HESCHLE: Nathanael & Christina Matanick
