Dear

CASA Kane County is excited to be launching a new Advocate Advisory Panel as a way to obtain direct and more regular input from our advocates to the Executive Director and Board. We are pleased to invite you to participate on the initial Advocate Advisory Panel. Ten advocates with various years of experience - from 2 to 16- are being invited to join this new effort of collaboration. Your unique experience as a CASA Advocate will provide a valuable perspective for future planning for the organization.

We promise to be respectful of your time and will schedule quarterly meetings beginning Tuesday morning, August 17th at 8:00. Please read the enclosed job description for specific details about the purpose and responsibilities of this panel. If you agree to participate, we ask for a one year commitment.

Please take some time to consider this opportunity to further contribute to the organization that you already so competently and faithfully serve. Your voice is needed again as we continue to plan to provide a high quality program serving the abused and neglected children in Kane County.

We sincerely hope that you will accept this invitation with your usual spirit of generosity and request that you respond to Gloria or Kathy by Wed, August 4th.

Warmest Regards,

Gloria Bunce
Executive Director

Kathy Furgason
Director of Advocate Supervision
